CELEBRATE YOUR CHILD'S BIRTHDAY BY THE BAY!

Duxbury Bay Maritime School

Summer birthdays are too fun to spend indoors! The DBMS ecology team specializes in marine-themed birthday parties for ages 3 & up. With touch tanks and trivia, the kids will be busy having fun and learning! Choose among our many themes - including lobsters, oysters, sea creatures and more. Parties begin with a brief and interesting lesson and include plenty of time for hands-on critter experience. Great for kids who love the bay and want to have a unique and fun-filled birthday party!

Dates are limited: call soon to book for Spring or Summer

What's Included:

- **One hour for an age appropriate lesson and craft or activity**
