

2017 DBMS ECOLOGY BIRTHDAY PARTIES

Summer birthdays are too fun to spend indoors! The DBMS ecology team specializes in marine-themed birthday parties for ages 3-10. With touch tanks and trivia, the kids will be busy having fun and learning. All you have to do is bring the cake – we supply the critters!

Example Party Format

Birthday parties include the use of DBMS space for 1.5 hours, a hands-on ecology lesson by DBMS instructors, theme-related story, educational craft, and plenty of time for guests to enjoy cake or refreshments!

Example Birthday Party Theme:	Love a Lobster
1:00-1:45pm	Students learn what it's like to be a lobsterman! Find out where lobsters live and how they're caught. See a live lobster banding demonstration!
1:45-2:15pm	Craft: Construct a lobster hat; fasten the pincher and crusher claws. Take home as a party favor!
2:15-3:00pm	Enjoy any refreshments you choose to bring for guests, open presents, or play a game!

Fees

# of Children	Fee
6 (min) – 12	\$250
13 – 20 (max)	\$12 each
